

Improvement Project

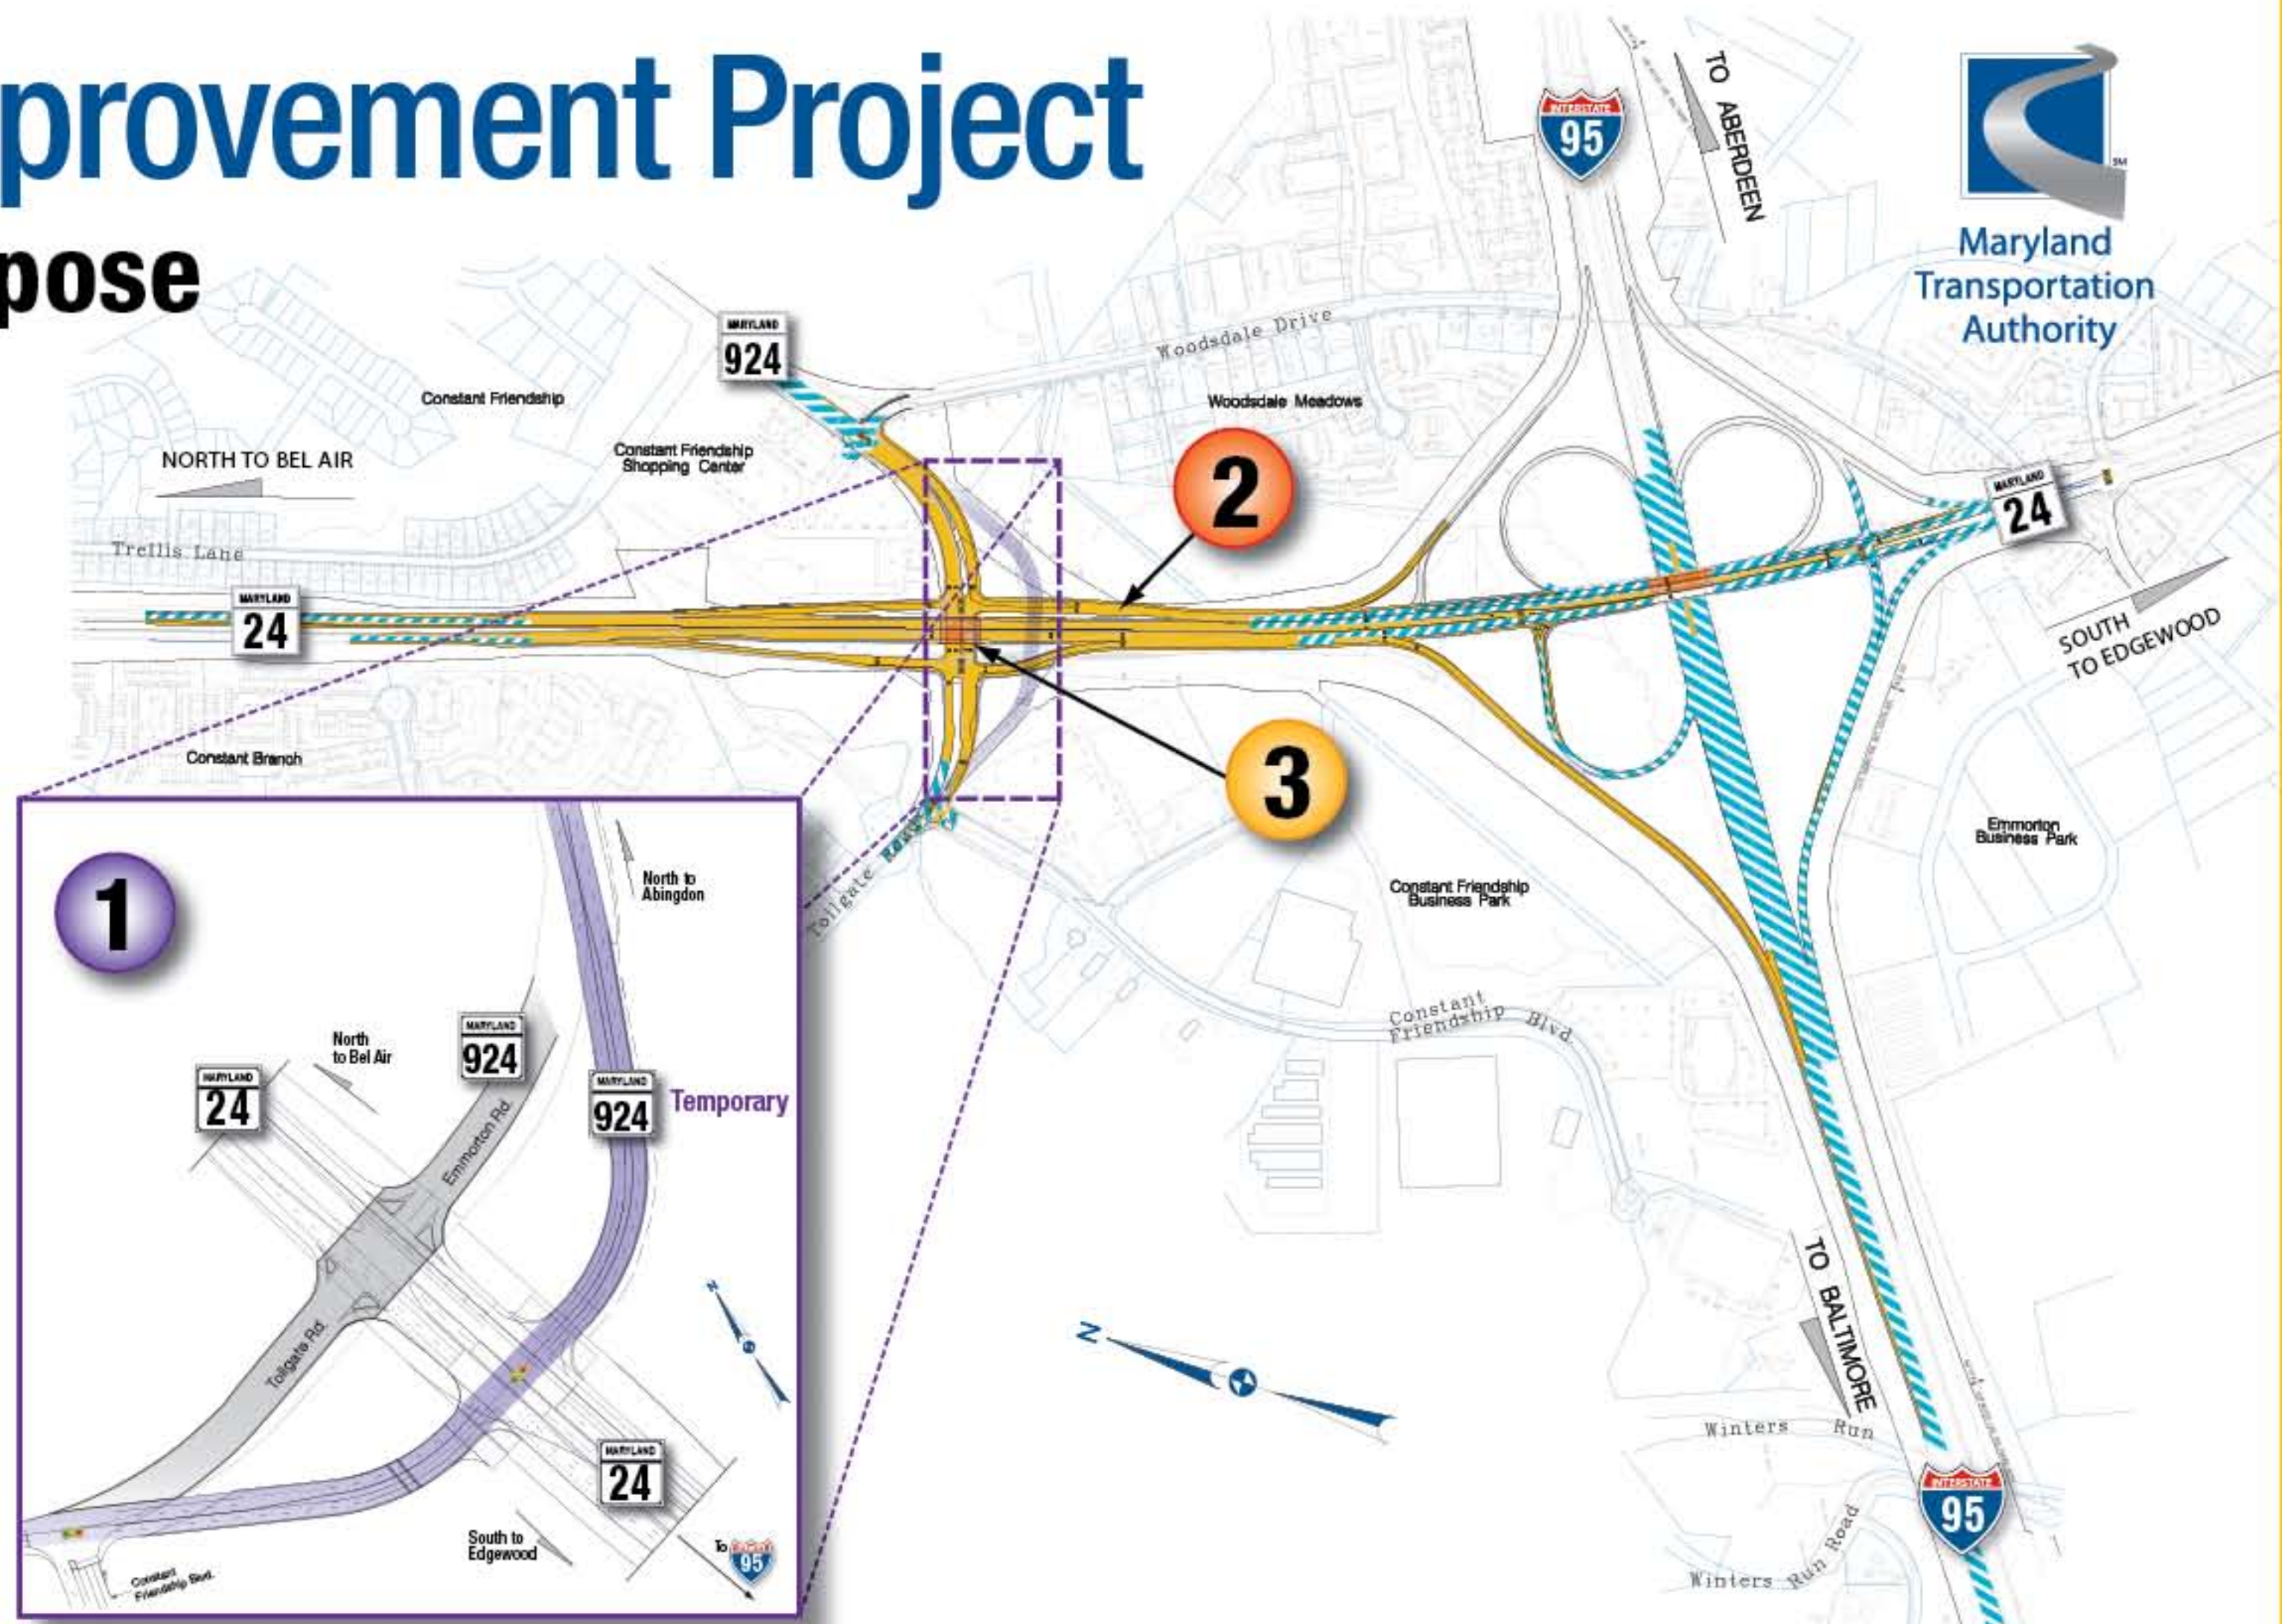

Purpose

From Fall 2008 through Spring 2011, the Maryland Transportation Authority will oversee construction improvements on the I-95/MD 24 interchange in Abingdon.

The I-95/MD 24 Improvement Project will:

- improve safety
- reduce congestion
- increase traffic capacity

The Project extends from just north of the MD 24 bridge over I-95 to just south of the I-95 bridge over Winters Run and along MD 24 from Edgewood Road to just north of the MD 24/MD 924 intersection.

- 1 Phase 1: Fall 2008 – Spring 2009.** Construction begins on a temporary intersection at MD 24 and MD 924/Tollgate Road, set to open in January 2009 and be in use through Fall 2009. Construction begins on the ramp from southbound MD 24 to southbound I-95.
- 2 Phase 2: Spring 2009 – Fall 2010.** The new ramp from southbound MD 24 to southbound I-95 will be finished. New ramps for the MD 24 at MD 924/Tollgate Road interchange will also be completed. Construction begins on the MD 24 bridge over MD 924/Tollgate Road.
- 3 Phase 3: Fall 2010 – Spring 2011.** Construction of the new northbound MD 24 bridge over MD 924/Tollgate Road is completed. New access ramp patterns will be put into place, and I-95 and MD 24 will be repaved. The MD 24 bridge over I-95 will be widened. Construction begins on the ramp from southbound MD 24 to southbound I-95.

Resurfacing

Temporary lane closures will occur throughout the duration of this project.

Martin O'Malley, Governor
Anthony G. Brown, Lt. Governor
